

There is a place that you can go where it will never be bedtime.
You will never be tired or sleepy and there is never any night there.
The sky is always bright with beautiful light.
That means there is never any darkness to be afraid of
and there will never be any more bad dreams!

There is a place that you can go where no one is ever sick.
There are no doctor's offices or hospitals –
no one there gets a runny nose or earache or an upset tummy.
There aren't even any scraped knees and there's no tangled hair!

Everyone can run and jump and dance.
Every eye can see the bright beauty;
every ear can hear the sweet songs.

There will be no more night.
(Revelation 22:5)

There will be no more death or
mourning or crying or pain.
(Revelation 21:4)
